

Resilience Partners Fund II reinforces its commitment to Herbolario Navarro with a new follow-on investment

The direct lending firm Resilience Partners Fund II S.C.A., SICAR has completed a new follow-on investment in Herbolario Navarro, a leading company in Spain's organic food and natural products sector.

Following Herbolario Navarro's strong performance, this new transaction reinforces the Fund's strategy of supporting SMEs with robust business models and ambitious growth plans, while reaffirming its commitment to sustainable companies focused on health and well-being. The European Investment Fund (EIF), part of the European Investment Bank (EIB) Group, has supported the investment through the European Fund for Strategic Investments (EFSI), underscoring European institutions' confidence in Herbolario Navarro's growth potential and positive impact.

This investment will continue to support Herbolario Navarro's expansion plan. Herbolario Navarro stands out for its commitment to sustainability, promoting eco-friendly products and responsible practices that benefit both consumer health and the environment.

José Navarro, CEO of Herbolario Navarro, commented: "This second transaction with Resilience Partners is a natural extension of the relationship we began in March 2025. Their understanding of our business and ability to structure tailored solutions give us the agility we need to continue executing our expansion plan with confidence." David Vega, Investment Director at Resilience Partners, who led the transaction, added: "Herbolario Navarro has exceeded expectations since our initial investment, delivering revenue growth and expanding its store network. Supporting the Group again reflects our conviction in the management team and in the long-term growth prospects of the Spanish market."

About Resilience Partners

With over EUR 200M of assets under management, Resilience Partners specializes in supporting Spanish companies with strong track records in executing long-term growth plans by offering flexible financing solutions. The firm targets companies with EBITDA between EUR 3–15M, leaders in their sector, with experienced management teams and strategic long-term financing needs.

Having fully deployed Resilience Partners Fund I S.C.A., SICAR—financing an aggregate amount equivalent to 1.5x the Fund's size—Resilience Partners Fund II S.C.A., SICAR continues to pursue the firm's proven investment strategy. As of year-end 2025, the Funds' portfolio companies generated more than EUR 290 million in revenues, representing a 16% annual growth rate since 2022. The Fund has already completed twelve investments across a range of sectors, in addition to Doceo, a continuation vehicle specifically established to support the acquisition of one of the firm's portfolio companies. The vehicles are backed by the EIF and EIB, institutional investors and Family Offices. Resilience Partners is currently fundraising for a new EUR 150 million Flexible Financing Impact Fund, with the aim of continuing to provide complementary financing solutions to investors and companies.

About Herbolario Navarro

Founded in 1771 in Valencia, Herbolario Navarro is one of the city's oldest companies and a pioneer in the sale of organic food, natural cosmetics, and dietary supplements. Today, it operates 82 stores nationwide and continues to promote a healthy lifestyle while actively supporting environmental protection, energy efficiency, and reducing food waste.
