

Resilience Partners Fund II has closed its first investment by funding growth plans of Industrial Blansol S.A.

Resilience Partners Fund II SCA SICAR has closed its first investment with a long-term senior loan to INDUSTRIAL BLANSOL S.A., one of the leading European producers of cross-linked polyethylene (PEX) and multilayer pipes.

With this transaction, Blansol invests in strategic productive assets and will continue launching patent based top-notch innovative products from its modern facilities located in Ambrosero, Cantabria and Palau, Barcelona. As a local manufacturer, selling exclusively to plumbing and heating distributors, Blansol's customers benefit from high-quality products and reliable service with a lower carbon footprint.

Through its first vehicle, Resilience Partners Fund I, successfully closed 13 investments in Spanish companies that jointly reached EUR 693M in revenues during 2020 (+11% vs 2019) and contributed to more than 850 job positions (+6.3% vs investment date), having a positive impact on the real economy. Resilience Partners maintains the same investment strategy for its second fund and forecasts to raise between EUR 150-200M.

About Resilience Partners

With EUR 100M of AUM, Resilience Partners specializes in helping Spanish companies with solid track record to execute its long-term expansion plans, offering flexible financing solutions. Resilience Partners focuses on companies with EBITDA's between EUR 3-15 M, leaders in their segment, with consolidated management teams and long-term financing needs to execute strategic plans.

Resilience Partners Fund II, S.C.A., SICAR, has been constituted under article 8 of the EU taxonomy regulation for sustainable activities, tracking the environmental evolution and behaviour as well as impact generated, as it has been doing as of today in line with its internal ESG policy.
